## FULL STACK WEB DEVELOPER & Quality Assurance Engineer

Recently gained notable graphic design experience from the Art Institute, also acquired a Practitioner certification with Amazon Web Services, and received a Certificate in Coding from Georgia Tech Professional Services. I worked on a project where I utilized my passion for technology and excellent communication skills to develop Postman test suites that validated the functionality of legacy services. I am a team player with good communication skills and a passion for learning new skills. Passionate about creating life-enhancing user experiences and collaborating with others to develop meaningful mobile and web applications. My educational and professional background in technology, combined with a passionate drive to effectively solve problems, would make me a strong addition to any organization.
